

Table of Contents

Welcome to the Atmosphere Investigation

Scientist’s Letter to Students	Welcome-4
Meet Dr. Susan Postawko	Welcome-5

Introduction

The Big Picture	Introduction-1
A Field View of the Atmosphere Investigation	Introduction-2
Focusing on the Key Science Ideas	Introduction-3
Preparing for the Field	Introduction-5
Overview of Educational Activities	Introduction-7
Student Assessment	Introduction-7

Protocols

How to Perform Your Atmosphere Investigation	Protocols-2
Cloud Type Protocol	Protocols-4
Cloud Cover Protocol	Protocols-5
Rainfall Protocol	Protocols-6
Solid Precipitation Protocol	Protocols-8
Precipitation pH Protocol	Protocols-10
Maximum, Minimum, and Current Temperatures Protocol	Protocols-14

Learning Activities

Observing, Describing and Identifying Clouds ..	Learning Activities-2
Estimating Cloud Cover: A Simulation	Learning Activities-6
Studying the Instrument Shelter	Learning Activities-9
Building a Thermometer	Learning Activities-13
Land, Water, and Air	Learning Activities-22
Cloud Watch	Learning Activities-24

Appendix

Data Work Sheet	Appendix-2
Observing Cloud Type	Appendix-4
Glossary	Appendix-8
GLOBE Web Data Entry Sheets	Appendix-9
